

What does your dream picture look like?

When the money is low and some dreams need to go on the shelf for a while, why not work on some areas of your life that just needs you, not money!

Build up courage to take that bold step.
Do not let fear hold you back

Enjoy the game you are in and the victory.
It will make the challenges teach you powerful lessons of life.

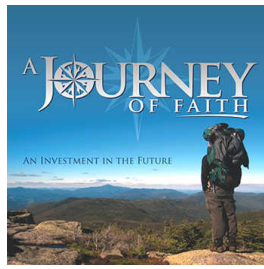

Trusting others can be hard sometimes and trusting yourself can be even harder. Let God help you to trust

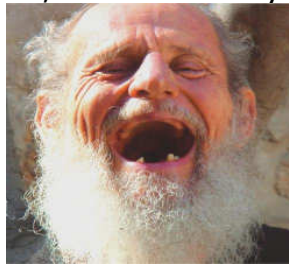

The power of giving is very powerful indeed. Start giving your time and energy to help someone else.

When you have come to the edge of all light that you know and are about to drop off into the darkness of the unknown, faith is knowing one of two things will happen: There will be something solid to stand on or You will be taught to fly”

Don't credit crunch your joy and laughter.
Smile more, laugh more, have fun with your family and friends.

Enthusiasm is said to be contagious.
Why not have a dream to let yours loose
